W. T. Grant Company
Sales During Each
Fiscal Year

To the Stockholders of the W. T. Grant Company:

During 1931, sales of your Company showed a further increase, the result of the carrying forward without interruption of the Company's expansion. Earnings showed a small recession from the previous year. After paying dividends, there was a sufficient balance of earnings to cover the investment in the new stores opened during the year, and the Company ended the year with its financial condition the strongest in its history.

SALES

Sales for the year were \$75,679,203, an increase of 6.0% over sales for the previous year. Below is given an analysis of sales, showing the increase to be the result of sales from stores opened during the year, and from full year sales of stores that had operated only part of the previous year.

	Fiscal Year 1931	Fiscal Year 1930	Change
Sales from 280 stores open during the entire year 1930	\$62,018,551	\$65,701,248	5.6% decrease
Sales from 70 new stores opened during 1930	9,810,425	5,675,239	
Sales from 54 new stores opened during 1931	3,850,227		
TOTAL SALES	\$75,679,203	\$71,376,487	6.0% increase

The decrease of 5.6% in sales of identical stores was not evenly distributed throughout the year. The first six months showed a decrease of 3.2% in sales of identical stores while in the last six months the decrease was 7.5%. The larger decline in the last six months was due to the continued decline in commodity prices and the unseasonable weather during the early winter.

Stores at New Haven, Conn., Louisville, Ky., Natick, Mass., North Attleboro, Mass., Danielson, Conn., Thompsonville, Conn., and Gardiner, Me., were remodeled and enlarged and stores at Hyde Park, Mass., Norwood, Mass., and East Boston, Mass., were moved to new locations in the same cities.

EARNINGS AND DIVIDENDS

Earnings for 1931, available for the payment of dividends on capital stock, amounted to \$3,105,898, a decrease of \$243,276 or 7.3% from earnings of \$3,349,174 the previous year. With the exception of 1930, earnings were greater than in any previous year. Earnings equalled \$2.59 for each share of capital stock outstanding.

Sales in the latter months of the year did not equal expectations so that winter merchandise was left on hand in larger than normal quantities. The Company's policy is to dispose of seasonable merchandise in the season for which it is purchased. Consequently, heavy markdowns were taken in January in disposing of such merchandise. The loss of gross profit resulting from the decline of sales in old stores and exceptional markdowns were partially offset by reductions in expense and the profits of new stores.

Earnings reported are after deducting \$443,936 for depreciation on furniture and fixtures, which was 14.6% of the average of their depreciated balances at the beginning and end of the year; and after \$456,181 for amortization of alterations and improvements, which was 7.1% of the average of the amortized balances of these items at the beginning and the end of the year.

The earnings shown are after deducting the usual expenses in connection with the opening of new stores.

Beginning February 1, 1932 certain types of fixtures for new stores, which have previously been charged off as purchased, will be capitalized and written off over

five years, as required by the government in computing earnings for the Federal Income Tax. This will make the published earnings of the Company conform to the earnings on which a tax is paid.

Cash dividends were paid during the year at the rate of \$1. per share.

FINANCIAL CONDITION

The financial condition of the Company on January 31, 1932 was the strongest in its history. Cash of \$4,915,894 compared with total liabilities of \$1,752,031. The excess of cash over liabilities increased by \$227,457, although 54 stores were opened during the year.

In these new stores the Company had a capitalized investment at the end of the year:

For Merchandise	\$ 915,176
For Furniture and Fixtures	571,832
For Alterations and Improvements	272,665
	<hr/>
TOTAL	\$1,759,673

Through the W. T. Grant Realty Corporation (a wholly owned subsidiary) the Company purchased store locations under lease by the operating company in Tampa, Florida, Ybor City, Florida, and Jersey City, N. J. Among the properties now owned are eleven store locations which in 1931 contributed approximately 10% of the Company's total sales.

At the end of the year the operating company was contingently liable on the balance of \$197,000 on a note of the Trustees of the Employees Stock Fund, secured by 11,795 shares of stock of the Company. As further security, the Trustees hold the notes of executives and managers to whom this stock was sold. The Employees Stock Fund operates to distribute stock among employees and during the past year sold to over two hundred executives and managers 18,840 shares of stock which the Trustees had previously acquired. The stock was sold to the employees under a contract plan at the average cost to the Trustees of \$20. per share. The Company did not contribute toward the purchase of this stock, but has aided in financing the plan.

Surplus increased by \$1,826,608 during the year, amounting to \$14,688,722 at the end of the year.

EXPANSION

Expansion of the Company will continue during 1932. Leases have already been signed calling for possession during 1932 of the following thirty-four new stores located in sixteen states.

Anniston, La.
Baton Rouge, La.
Beaumont, Texas

The opening of the Los Angeles, California store which is now under construction will mark the entrance of the Company into the Pacific Coast territory. Other locations in this district are under consideration.

With the past year, the Company completes twenty-five years of operation. During this period, the Company has grown from one store to more than four hundred; capital and surplus has grown from \$16,000 to over \$24,000,000; ten employees have increased to a national organization of over ten thousand.

With the experience gained in these years and the resources of management and capital now available, I believe the future holds prospects for increased sales and earnings for your Company.

Very truly yours,

NEW YORK
19 Rector St.

March 7, 1932.

To the Board of Directors and Stockholders,
W. T. Grant Company,
New York, N. Y.

Gentlemen:

WE HEREBY CERTIFY, that we made an examination of the books of account and record pertaining to the assets and liabilities of W. T. GRANT COMPANY (a Delaware Corporation); its operating subsidiary company (a Massachusetts Corporation); and W. T. GRANT REALTY CORPORATION (a New York Corporation) as at January 31, 1932, and based on our examination and information submitted to us it is our opinion that the annexed Consolidated Balance Sheet of the first two corporations and that of the latter respectively set forth the financial condition of the companies at the date stated, and that the relative Income and Surplus Accounts attached hereto are correct. The merchandise inventories as taken and certified by the management were tested by us as to computations, footings and pricing, and are valued at not in excess of cost or market, whichever is lower. The Massachusetts corporation was guarantor of a note issued to a bank by Trustees of an Employees Stock Purchase Fund, secured by 11,795 shares of the capital stock of the Delaware Corporation, the unpaid balance of which note amounted to \$197,000.00 at January 31, 1932. The unused balance of an Import Letter of Credit issued to the Massachusetts Corporation amounted to \$5,156.66 at that date.

ERNST & ERNST.
